Job Title	Job Purpose	Salary Range FTE	Performance Award	Budget £m	Benefit in Kind Range	Number of Direct Reports
Head of Operational Property	This is an outward-looking role, whose primary purpose is to ensure that all the Operational Property needs for TfL are both articulated and met, to ultimately enable operational objectives and deliver value for TfL. This role requires both substantial professional skills in key Property disciplines, and extensive engagement across the TfL Operational Business customer base. This role manages cash flows in the region of £250m annually, in respect of payments for land and property acquisition, £50m rates payments and circa £10m of income, related to compulsory acquisition of TfL's properties by other public bodies.	£95,000 - £99,999	£5,000 - £9,999	N/A	NIL	4
Head of Operational Response	The Head of Operations will be directly responsible and accountable for providing the strategic leadership, direction and day-to-day operation of TfL's on street enforcement and compliance activities, which includes circa 500 operational staff, covering Revenue Protection, Taxi & Private Hire Compliance, Roads and Transport Enforcement and Road Network Compliance. The Head of Operations will have responsibility and accountability for directing and leading EOS's on-street enforcement and compliance activities and staff, ensuring TfL has a flexible and multi-function operational workforce to help achieve its objectives around, safety, security and reliability. The role will form part of the EOS Leadership Team, collaborating with the Director and other Heads to deliver EOS' business decision-making, operational delivery and strategic development, deputising for the EOS Director at Surface Transport Board and other key internal and exterrnal meetings as appropriate.		£5,000 - £9,999	N/A	NIL	3
Head of Operations	The post holder provides leadership and direction to the operations team on all operational matters relating to the production of operations rules, standards and safe operation instructions for Crossrail network where Rail for London is Infrastructure Manager. The post holder leads on development of a suite of the operational rules and standards to support the Crossrail Safety Management System. The post holder is required to lead and develop the route control and signalling arrangements at Romford and ensure the timely recruitment and training of the operatives to deliver the range of control functions required to safely and efficiently operate Crossrail. The post holder acts as operations adviser to the Crossrail project teams developing the specification for operations systems within projects.		N/A	N/A	NIL	1
Head of Performance Analysis & Improveme	To establish and deliver a responsive and proactive function that drives the business to make the right decisions, faster and continuously improve performance. Recognised as the single definitive source for all information related to the safety performance and reliability. Leading a customer focused best-in-class, agile, team of senior managers and analysts that delivers quality insight and understanding to key metrics. This role is to lead and drive the "analysis agenda" and will ensure that all internally and externally published information is consistent, accurate and provides the foundation for evidence based decision making. Through the development of an efficient, effective team with clear accountabilities and trust from across the business. The post-holder will also deputise for Network Operations Director in their absence and therefore represent LU at key stakeholder meetings as required.		£1 - £4,999	N/A	NIL	5
Head of Performance Development	The Head of Performance Development provides the portfolio and resource management capability for the Programme Management Office (PMO) and supports the activities of the Project Management Unit's (PMU). The role provides a portfolio management service including identification and oversight of the project pipeline, optimisation of the inflight projects and programmes, and resource planning and management of the resources deployed within the Major Projects Directorate (MPD) and the PMU's. The role leads and coordinates the activities of professional leadership, including resource development and identification of functional best practice.	£95,000 - £99,999	£5,000 - £9,999	N/A	NIL	7
