

TfL contracts greater than £5,000

29/04/2024

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW14025	Road User Charging (CBSL181) - ULEX Community Minibus Transitional Period Registration	Capita Business Services Ltd	TfL recognises that the planned increase in the size of the ULEZ zone will particularly adversely impact those who rely on and provide not-for-profit minibus services to provide school and community transport. Unlike other vehicle types there are limited options for replacement with compliant alternatively fuelled vehicles or retrofits and no options to pass the charge on to customers. To help mitigate this, eligible not-for-profit organisations operating non-compliant ULEZ community minibuses will be able to register for a transitional period during which these vehicles would be treated as ULEZ non chargeable	26/09/2026	£5K - £250K
CW14059	TfL 95871 L3 Digital Support Tech SSR Jan 2022 Start	Firebrand Training Ltd	TfL 95871 L3 Digital Support Tech SSR Jan 2022 Start	31/07/2024	£5K - £250K

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW14275	ITC11466 Railsys Access Transformation Programme - Access Planning	RMCon International GmbH	<p>Transport for London Capital Programmes department is currently investing in the Major Upgrade Programme that will introduce modern signalling, new rolling stock, new power systems, replacement tracks to London Underground (LU). This is with the aim of enabling more trains to be operated on the tube network and the introduction of the 24 hour weekend tubes, planned for November 2015. For the Major Upgrade and 24 hour weekend tube programmes to be a success, it has been identified that TfL must become more efficient at planning engineering works across the transport network. It has been recognised that access to TfL locations such as tracks, platforms, sidings, stations, bus and rail depots must be improved. This has resulted in the creation of the Access Transformation Programme (ATP) which is a programme aimed at improving access efficiency to all TfL locations through better coordination of resource and use of technology. To support this, there is a requirement for a new Commercial o</p>	22/11/2026	£5M - £10M

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW14838	TFL - 00202 Supply of Fast Setting Concrete (LCW16119)	Instarmac Group Limited	TFL - 00202 Supply of Fast Setting Concrete	31/07/2024	£5M - £10M
CW14841	TFL - 00202 Supply of Fast Setting Concrete (LCW16120)	Sika Limited	TFL - 00202 Supply of Fast Setting Concrete	31/07/2024	£5M - £10M
CW15036	Alstom Supply of Materials	Alstom Transport UK Ltd	The supply of parts for Bakerloo and Piccadilly line fleets	17/10/2033	£10M - £25M
CW15063	Programme Wide Project Integrator Framework Agreement (LCW16421)	CONTRACT MIGRATION SUPPLIER	Provision of a Project Delivery Integration capability to enable London Underground to deliver selected programmes and projects in an efficient and effective manner	13/02/2025	>£50M
CW15078	Jubilee and Northern Line SER Dual Power Project	J Murphy & Sons Ltd	The construction of two transformer rooms to provide a dual power supply to signal rooms at Kilburn (Exeter Road) and Queensbury	31/03/2024	£1M - £5M
CW15096	SWIP ASPIRE Lot 3 Mechanical VB1 (LCW16446)	ICEBERG BUILDING SERVICES LTD	SWIP ASPIRE Lot 3 Mech VB1 Mechanical upgrade replacement refurbishment rationalisation of existing station systems; typically comfort cooling, ventilation, heating and hot cold water storage and distribution services	15/12/2024	£5K - £250K
CW15207	TfL-00466 LOT2 Service Contract TD	Lanes Group plc	Supply of Structural Maintenance and related services across TfL	24/06/2025	£10M - £25M
CW15213	SCP229 - 01 Atkins Value Enhancement Specialist Services for Stn Upgrades	ATKINS LIMITED	SCP229 Value Enhancement Specialist Services for Stn Upgrades	18/03/2025	£1M - £5M
CW15237	Design, Manufacture, Supply, and Services for Data Transmission System for the 92 Tube Stock	EKE-Electronics Ltd.	Design, Manufacture, Supply, and Services for Data Transmission System for the 92 Tube Stock	31/12/2027	£10M - £25M

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW15240	Supply of General Consumable Goods		Supply of tooling, tooling consumables, fixings fastenings, personal protective equipment and general consumable materials. This requirement falls within the Core Materials category	30/09/2024	>£50M
CW15246	FRAMEWORK AGREEMENT for the Supply of Brushes Carbon Components and related parts	MORGANITE ELECTRICAL CARBON LTD	Supply of Brushes, Carbon Components and Related Parts	09/04/2025	£1M - £5M
CW15249	LCW16559 CV13736B Supply of Track Insulators OLF	OLF Insulators	Supply of Track Insulators - Variation only	30/06/2022	£5K - £250K
CW15261	TFL01468- Brake Blocks Supply	KNORR-BREMSE RAIL SYSTEMS LTD (EDI)	Brake Blocks supply across BCV, SSL and JNP (Excludes Northern Line)	31/12/2025	£5M - £10M
CW15264	Distribution Services - Long Term Lease Frameworks	Grosvenor Contracts Leasing Limited	Distribution Services - Long Term Lease Frameworks Current contracts have no finite end date. Strategy extends DPA to 31 March 2018	28/02/2023	£25M - £50M
CW15282	TfL 00911 - Supply of Spares, Repairs Technical Support 16 Year Framework Contract	Alstom Transport UK Ltd	Jubilee Line - single source derogation signed off to Alstom Transport UK. Scope includes Professional Engineering Services, Materials Supply and programme to include these. Rates and work to be pulled off to be agreed	30/04/2033	£10M - £25M
CW15288	Colindale Station Redevelopment Design	Morgan Sindall Con. & Infra JV Bemo	Detailed design, enabling works and construction of a new station concourse over an existing island platform and tracks at Colindale station	31/10/2025	£1M - £5M
CW15291	Bulk Materials and Performance of Related Services	Aggregates Industries Uk Ltd	Supply of Bulk Aggregate Materials	22/07/2027	£5M - £10M
CW15294	Concrete Products and Performance of Related Services	CEMEX RAIL PRODUCTS LTD	Supply of Concrete Products and Sleepers	31/07/2027	£10M - £25M

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW15300	TFL-01170 - Ultrasonic B Scan Testing Resource	Centre for Adv Tsp Eng Res EU Ltd	Ultrasonic B Scan Testing Resource	11/07/2024	£5M - £10M
CW15309	Development, Design, Install, Test, and Commission 92 Tube Stock AC Traction Motors	BOMBARDIER TRANSPORTATION UK LTD	The procurement of a new AC traction systems for the 1992 tube stock (Central Line) Note The 92TS Waterloo City Line stock are not currently in scope. The procurement will be a single procurement and contract for development, design, test and commission of the traction motors	31/12/2027	>£50M
CW15324	Supply of Signalling Equipment, Services and Software Support	Siemens Mobility Limited	Supply of signalling equipment spares and provision of Services	28/09/2024	£10M - £25M
CW15336	Supply of Track Lubrication - Metro Bio-Grease	R S CLARE & CO LTD	Supply of Track Lubrication - Grease Jumbo Lubers	31/01/2024	£250K - £500K
CW15339	Supply of Lightweight Gas Cylinders and Gas Consumables	BOC Ltd	Supply of Lightweight Gas Cylinders and Gas Consumables for Welding Requirements for MIS	31/01/2025	£250K - £500K
CW15342	TfL01230 Supply of Technical Facilities Management and Related Services across TfL	Telent Technology Services Ltd	To change title to TfL01230 Supply of Technical Facilities Management Services (Communications, CCTV, Access Control and Security Systems)	31/03/2027	>£50M
CW15345	1FM Bundle 2 - Fire Systems Maintenance	Equans Services Limited	Pan TfL Fire Systems Maintenance Contract	24/06/2024	>£50M
CW15348	TfL-00925 - Mechanical and Electrical Maintenance (Rail)	Equans Services Limited	1FM Bundle 3 Lot 1 M E Maintenance	31/03/2024	>£50M
CW15351	1FM3.2 - TfL00926 Pan TfL Premises Maintenance (R U)	Lanes Group plc	Pan TfL Premises Maintenance (LU) Contract	25/06/2025	>£50M
CW15354	FM4 - Pan TfL Manned Security	MITIE FM LIMITED	Pan TfL Manned Security Contract	24/06/2025	>£50M

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW15375	TfL 00789 Rotating Machines and the performance of related services (LCW16726)	Eriks EMS	<p>Goods and Services relating to Rotating Machines Transport for London (TfL) requires external support or the requirement of Services and associated Goods relating to Rotating Machines to support TfL's maintenance activities.</p> <p>The 4 year contract expired 17 July 2023. The option to exercise a contract extension for 2 years was invoked.</p> <p>A new work space was noted created as a result of the extension. On the back of the existing Contract Workspace for Eriks a follow on project was creating through sourcing project and linked from the project so all information was pulled in then select variation as execution strategy.</p>	17/07/2025	£10M - £25M
CW15390	ND HMF Design Consultant for both Concept and Detailed Design	Arcadis Consulting (UK) Ltd	ND HMF Design Consultant for both Concept and Detailed Design (including concept guardian construction support)	22/11/2024	£1M - £5M
CW15393	Manufacture and Supply of Saloon CCTV for Central Line 92TS	Delatim Limited	Design, Manufacture and Supply of CCTV for Central Line 92TS Improvements. Contract includes two agreements. MSA and SSA - in line 20072	31/03/2026	£1M - £5M
CW15396	Saloon LED Lighting for Bakerloo line 72TS	MARL INTERNATIONAL LTD	Design, Manufacture and Supply of LED Lighting for Bakerloo Line 72TS Life Extension.	31/12/2024	£5K - £250K
CW15402	OPO CCTV System (Piccadilly Bakerloo Lines)	Panasonic Marketing Europe GmbH	One Person Operation CCTV Systems Design, Build Maintain for Piccadilly Line and Bakerloo Line	30/09/2037	>£50M

Project - Project Id	Project - Project Name	Supplier - Supplier Name (L1)	Description	Contract - Expiration Date	Baseline Spend
CW15423	Saloon LED Lighting for Central Line 92TS Manufacture and Supply Contract	Excil Electronics Ltd.	Design Manufacture and Supply of LED Lighting for Central Line 92TS Improvement as part of the CLIP Programme. This contract is for the CAPEX aspect of the project for design, manufacture and supply of LED Lighting (the MSA). This will then be followed by a 20 year Spares and Support (SSA) Contract [separate contract register item] to the same supplier who delivered the MSA Contract. Contract	30/06/2024	£1M - £5M

CW25333	ELL NR Connection Agreements 2019 - Network Rail Infrastructure 2024		<p>provision of Network Rail Connection Agreements for New Cross Gate, Old Kent Road and Dalston for part of FY 2020 21. The three rail connection points require permanent contractual agreements which not only secure LOs access rights from RFL managed infrastructure to that of Network rail, but also to ensure asset maintenance at those connection points can be appropriately allocated (rails, joints, signals, points etc.) There are agreed ongoing charges for these agreements based upon asset maintenance cost. As London Overground operates on NR infrastructure, connection agreements are required at the three connection points; New Cross Gate (for services south to West Croydon Crystal Palace), Old Kent Road Junction (for services west to Clapham Junction on the South London Lines) and Dalston Junction (for services north to Highbury Islington). These connection agreements allow our RFL ELL Core Route between Dalston Junction and Surrey Quays to seamlessly connect to the NR infrastructure</p>	09/11/2024	£500K - £1M

CW44398	Network Rail Connection Charges 2019-24	Network Rail Infrastructure	provision of Network Rail Connection Agreements for New Cross Gate, Old Kent Road and Dalston for part of FY 2020 21. The three rail connection points require permanent contractual agreements which not only secure LOs access rights from RFL managed infrastructure to that of Network rail, but also to ensure asset maintenance at those connection points can be appropriately allocated (rails, joints, signals, points etc.) There are agreed ongoing charges for these agreements based upon asset maintenance cost. As London Overground operates on NR infrastructure, connection agreements are required at the three connection points; New Cross Gate (for services south to West Croydon Crystal Palace), Old Kent Road Junction (for services west to Clapham Junction on the South London Lines) and Dalston Junction (for services north to Highbury Islington). These connection agreements allow our RFL ELL Core Route between Dalston Junction and Surrey Quays to seamlessly connect to the NR infrastructure	09/11/2024	£500K - £1M

CW46891	(STCRIDS) Self-Testing Current Rail Indication Device's	UNIPART RAIL LTD	<p>There will be an ongoing requirement for STCRIDs, which will not diminish by the roll-out of the PCRID contract as anticipated. The STCRID was to be superseded by the PCRID but we are now aware that this is not the case. Therefore, a new strategy is required for the STCRID which needs time to formulate due to a number of key decisions (new design, existing design includes obsolescence) and this SSR will permit the time.</p> <p>A new strategy has been determined as a means to achieve a permanent solution, however until such time as that strategy is enacted there is an ongoing need for ST-CRID repairs, renewals and recalibrations in order to keep the c.4,000 units in use across the network operational and safe.</p> <p>With an average periodic spend of c£25,000 the sum of £450,000 is sought via this SSR to fund outstanding, current and future costs (18 months).</p> <p>After discussion and review within Procurement & Commercial, a strategy has been formed: an SSR</p>	31/10/2024	£500K - £1M

CW49650	SSR for LWULEZ Installation of Gantry signs on NH network	National Highways Ltd	<p>As part of the London wide ULEZ 2023 TfL are installing traffic signs on National Highways network. National highways will maintain these signs after installation. To ensure that these signs meet their technical standards National highways are reviewing and approving Designs submitted by TfL suppliers. TfL will enter into a legal agreement for maintenance of the signs. All signs will be installed by the HMPF except the signs on a Gantry on the M4 motorway. This location is difficult to access and TfL does not have the structural details to mount the signs on the gantry. Due to the complexity of delivering signage on a gantry and the risks associated with this site TfL has Requested National Highways to carry out the installation of the signs.</p> <p>National highways are the only ones with information and the expertise to carryout the works on this Gantry and also give assurance that no damages to the structure or travelling Motorists will occur after installation. CW52546	CTS4B Grange Hill to Chigwell stabilisation - Additional scope and emergency works	GALLDRIS SERVICES LIMITED	1)N31 wash out – increased cost (£89k) and risk provision (£115k)A Sponsor’s instruction (SI Civils 12) was received 10 Aug 2021 adding N31 additional scope for a wash out failure effecting the track to the contract. The works were not included in the original scope due to N31 being outside of the CTS4B asset. Using the original estimate, £294k was endorsed at CAM on 2 November 2022 for the N31 washout failure prevention. However, on submission of completed design to Galldris, the cost for the works is valued at £383k (the estimate is provided in Appendix 1). The variances are attributable to the original estimated works duration of 5 weeks, compared to final cost allowing for 9 weeks. Works are priced to be carried out in normal working hours behind vortoc fencing. Due to proximity to track in some locations, it is expected that engineering hours will be required, reducing the working time to 1.5hrs/shift in the affected areas. A risk provision of 30% in the sum of £115k is also inc	05/09/2024	£5M - £10M

CW52645	TTLP 00013 - Victoria Island Work Stream 2 Project	H A MARKS LTD	1.1. The Victoria Island Work Stream 2 Project commenced in summer 2021 due to health and safety concerns (to the public, operational railway and bus terminal) as a result of the poor condition of the building which had not been adequately maintained for a number of years.1.2. Following a competitive tender process from a selected tender list, as the estimated contract value at invitation to tender stage was significantly below the current works procurement threshold of £4,447,447. The awarded value of £1,410,858 (inc. £70k risk) was awarded to HA Marks.1.3. A variation recommendation paper dated 20 June 2022 was approved for the cumulative value of £3,414,151.55 The approval represented a Procurement Authority increase of £2,003,293.55 on the previously approved procurement authority above. It was also requested to extend the contract by 74 weeks to a revised completion date of 31/03/2023. As the cumulative spend of this variation was below the works procurement thresho	29/08/2025	£5M - £10M

CW52775	B S Assessments - Access Support FY23 24 plus	Lanes Group plc	The Civils Bridges & Structures Assessment team of London Underground (LU) Engineering are responsible for carrying out structural assessments of Bridges and Structures assets on the TFL estate. Structural Assessments, which are safety-critical in most instances, are carried out at the request of civils projects and civils maintenance department across various business units of TFL. Every structural assessment requires an inspection for assessment as per LU standard S1061. An inspection for assessment requires preparation of method statements, risk assessments (RAMS), organising access and providing protection, labour and the equipment needed. Support services are required as a "one-stop-shop" for providing all these requirements, to mitigate risks and delays to the project.	11/09/2024	£5K - £250K

CW57623	OSO - Thames Skills Academy Agreement	Thames Skills Academy Limited	<p>TfL/London River Services (LRS) are Board members of a non-for-profit organisation called Thames Skills Academy (TSA). This was set up in 2016, initiated through Tideway investment programme to help raise the safety standards and modernise the industry culture on the Thames. TfL, PLA and a number of organisations are on the Board. The TSA raises safety standards and improves skills for those working on and alongside the Thames by:</p> <ul style="list-style-type: none"> • Developing and arranging delivery of apprenticeships and training to meet the skills needs of regulators, employers, and employees • Attracting and retaining a wider diversity of talent for the growing and diverse needs of the Thames. <p>The strategic plans for the TSA are detailed in appendix one (1) 'TSA strategy paper for TfL,' this sets out the TSA's background, goals, key achievements.</p> <p>TfL/LRS have previously contributed £25k (ex VAT) each year, matching Port of London Authority (PLA) funding which supports the running of the TSA. CW56760	2021-071 - Track Access Points Phase 2 Main Works	T LOUGHMAN & CO LTD	<p>The lack of suitable Road-Rail access points around the DLR network present problems for Permanent Way related Capital projects. The most significant constraint being the difficulty in getting plants and equipment trackside to allow works to be undertaken during engineering hours and possessions. Trackside access has been relatively easy in the past due to the various vantage points around the network. However, with the lucrative nature of land and financial gain to TfL, most of the track access points have been lost to developers who plan to build close to the railway. Consequently, there is a vital need to secure and develop access points along the network to help with future Capital projects, planning and maintenance works.</p> <p>This project will require the installation of new Road Rail Access Points and compounds including new rail infill panels, conductor rail gap, cable management system, concrete apron, hard standing, drainage and fencing.</p>	31/03/2025	£500K - £1M

CW57746	Goodmayes Contract Workspace (Procurement)	Dyer & Butler Ltd	Goodmayes station is one of the outer stations on the surface section of the newly opened Elizabeth line. The Goodmayes Platform 1 Lift Project will deliver, as the project name suggests, a new lift to platform 1 at Goodmayes station to make the station fully step-free. This Procurement Strategy is for the Goodmayes Platform 1 lift project. The work entail design and construction of 1no. NR specification hydraulic lift, shaft and motor room on platform 1 at Goodmayes station. The lift was originally due to be delivered as part of the Crossrail / Network Rail On-Network Functional Requirements' programme (ONFR) but was de-scoped due to structural deficiencies found with the footbridge into which the new lift was to connect (the resolution of this deficiency being a Network Rail responsibility also).	30/04/2025	£1M - £5M

CW57628	ELL LR25 NR Traction Power Implementation Agreement	Network Rail Infrastructure	<p>Direct award an Implementation Agreement (IA) to Network Rail (NR) to provide the power traction works up to a value of £5.4m. The Regulations allow direct awards made due to absence of competition or protection of exclusive rights. Because NR is the infrastructure manager of the traction power facility, under ROGS it has responsibility for the affected assets (which it owns) and there is not any reasonable alternative to the stated proposal.</p> <p>The Ludgate lines resilience work will improve the resilience of the DC traction supply by increasing the electrical supply owned and managed by NR. This will support the increased train capacity to 20 trains- per hour (tph) from 16 tph for the East London Line. The scope is driven by the requirement to support the planned increase in services utilising the South London Lines and into/out of Clapham Junction as part of wider planned service changes on the East London Line.</p>	16/10/2026	£5M - £10M
