

SCHEDULE 33

Additional Services

1. Additional Services

1.1 TfL may, pursuant to Clause 23 of this Agreement, require the Service Provider to provide any services which are the same as, or substantially similar to, the Services provided by the Service Provider ("**Additional Services**") including (without limitation):

- (A) amendments to Systems to support possible further charging schemes;
- (B) an extension of the Services to include additional enforcement activities and processing;
- (C) amendments to the Systems to support new charging methods such as, but not limited to, distance based charging mechanisms;
- (D) refresh of Detection and Enforcement Infrastructure (D&EI);
- (E) the development and operation of interfaces to TfL customer services system; and/or
- (F) other relevant charging schemes, including:
 - (1) Digital Traffic Enforcement System (DTES);
 - (2) river crossing;
 - (3) interoperability with other road pricing schemes;
 - (4) non-standard Scheme charging options; and/or
 - (5) European Electronic Toll Service interworking.
