Portfolio & Resourcing Lead	The Portfolio and Resourcing Lead is accountable for the Portfolio Management across the Major Projects Directorate (MPD) portfolio, and Resource Management to deliver Programme Management Office (PMO) resources across TFL. The role provides portfolio identification, management and optimisation, and management of resource requirement and capability. Identifies the pipeline demand, and management and optimisation of the portfolio of MPD projects for efficient delivery and utilisation of funding. Responsible for forecasting and identification of resource need, management of the assignment of resources across MPD and TFL business units, centralised resource development frameworks and training, and manages a central capability model. The role is supported by both Head of Project Management Unit's (PMU) and Professional Managers identifying resource requirement, matching requirement and capability, and role development solutions. Additionally, this role is accountable for the effective portfolio management ensuring optimisation and	£75,000 - £79,999	N/A	NIL	N/A	7
Possession Planner	Effectively plan and deliver possessions, achieving the highest levels of performance, safety and customer satisfaction. The role facilitates the detailed planning and delivery of works in all LU possessions, and requires a high level of technical planning and engineering expertise. By working in collaboration with others you will be accountable for the safe planning and delivery of LU possessions	£75,000 - £79,999	N/A	NIL	N/A	0
Pricing and Forecasting Manager	The Pricing and Forecasting Manager is responsible for evaluating all proposed and actual fares and ticketing changes affecting TFL's services; for delivering the formal agreement to changes; and for ensuring their seamless introduction. The job holder is also responsible for reporting and assessing ticket sales trends and revenue performance; for providing revenue and journey forecasts for the current year; and for longer term forecasting to support the TFL Business Planning cycle. The role involves extensive liaison and negotiations with the TFL operating units, the London Train Companies, TFL Marketing and Finance, the GLA Transport team and other stakeholders as well as with TFL's ticketing	£75,000 - £79,999	N/A	NIL	N/A	5
Principal Asset Strategy Manager	The role will champion and lead the development and maturing of TFL's asset strategy and management capabilities. It will deliver capabilities that support and align to Mayoral priorities, TFL business plan and legislation. The role will lead the development of sustainable short and long asset strategies and plans that include maturity, capability, data, capital expenditure and operational expenditure. This will include stakeholder engagement and identifying/realising efficiencies and savings. It will be a role model for staff in Asset Strategy and more widely across TFL, actively demonstrating the right behaviours and leading by example. It will support and lead staff development and business	£75,000 - £79,999	N/A	NIL	N/A	3

Head of Profession	This role owns the minimum operational, process and training / competency standards across all functions within Customer Operations and oversees continuous improvement initiatives, providing the Director of Customer Operations with assurance that Customer Operations as a whole is compliant, legal and effective. The role will provide key support and input into building a single integrated "Profession" community while working as part of the leadership team. The role will also need to simplify interfaces for key internal and external stakeholders, whilst delivering value for money and strong leadership, and advocating a forward thinking, "can do" and inclusive culture across Customer Operations.	£90,000 - £94,999	N/A	NIL	N/A	0
Head of Programme Management Unit	The Programme Management Unit (PMU) Manager leads a wide discipline team to complete core project controls and Programme Management Office (PMO) activity including performance analysis, reporting, change control, programme level baseline management, information management, and project level detail project controls services across the specified business unit. This role is supported in its delivery by the reporting, process, tools and systems provided from the central PMO team. The role is required to provide semi independent assurance of the performance and compliance of the project and programme delivery directly to the Business Unit capital delivery manager. There are a number of Head of Programme Management Unit's and this JD reflects the overall role which covers all Business Units as listed below: Line Upgrades & Rail, Surface PPD, Surface Rail, London Underground Renewals & Enhancements, Network Extensions and Stations & Infrastructure.	£90,000 - £94,999	N/A	NIL	N/A	0
Head of QSS Assurance	To be the professional lead for all second line assurance activity within TIL, including managing delivery of the second line activity (except for project assurance) carried out directly by the Risk and Assurance function, with the aim of ensuring all second line activity is carried out to appropriate professional standards, meets the needs of the business and is fully risk based and integrated with other (1st and 3rd line) assurance activities. The job will include working with the business to establish assurance maps to help manage the way each of TIL's strategic risks is assured.	£90,000 - £94,999	N/A	NIL	N/A	3
Head of Reward and Recognition	This role leads the design, delivery and implementation of total reward, benefits and recognition strategies pan-TIL in support of TIL's People Strategy and delivery of the TIL Business Plan. The role focuses on delivering the right financial outcomes for TIL ensuring overall affordability and optimisation of reward costs whilst balancing this with adherence to regulatory principles that support fairness and diversity. The role is also accountable for leading the delivery of a full range of cyclical and BAU reward management activities including annual pay and performance compensation processes, supporting executive compensation and the TIL Remuneration Committee, developing and maintaining pay structures, delivering employee benefits and recognition programmes in collaboration with third party suppliers and providing insight and a focus on affordability and TIL's market position by providing an effective reward benchmarking and analytical service.	£90,000 - £94,999	£5,000 - £9,999	NIL	N/A	5

Head of Hosting & Infrastructure Architecture	Define the strategy, roadmaps and investment programme for all hosting (on-premise and cloud-based) and core end user computing infrastructure. Deliver large cost saving or operationally critical hosting projects within Technology & Data with typical values of circa £14m p.a. Lead a team of circa 30 highly skilled infrastructure architecture professionals who are responsible for developing infrastructure architectures, patterns and standards for hosting, data networks and end user computing domains. Ensure that all infrastructure decision making is strategically aligned and optimised for lowest total cost of ownership (TCO). This role is responsible for introducing complex changes to critical, high profile technology and data services, that affect millions of people and have a high impact on our reputation / revenue security / operating costs.	£105,000 - £109,999	N/A	NIL	N/A	5
Head of Investment Delivery Planning	This role is accountable for delivering strategic oversight and leading the sponsorship of TFL's Capital Investment Programme including third party led initiatives. The primary aim of this role is to manage senior internal and external stakeholder interfaces, providing assurance and ensuring that the requirements of TFL and the needs of customers, taxpayers, funders and other stakeholders are met. This includes; ensuring that planned benefits are delivered in accordance with the Mayor's Transport Strategy and the TFL Business Plan ; pro-actively leading teams to sponsor the delivery of a range of cross cutting and integrated projects/ programmes; and, owning the development of delivery strategies and plans, working closely with internal stakeholders, Boroughs and third parties to understand requirements, constraints and identify opportunities.	£105,000 - £109,999	N/A	NIL	N/A	6
Head of Network Command	To lead the team that delivers London Underground's Network Command and Response on behalf of MD/COO, Head of Network Ops and Resilience and the Operational & Engineering Business Unit Teams. To drive innovative strategic initiatives, taking the SOO role forward with targeted focus of their role to lead the joint operational and engineering incident response team. Develop a robust real time strategic milestone planning and communication process as well as embedding new ideas with standardisation and consistency being essential. Determine with formal incident management is required during service disruption in order to lead and provide the real time response and recovery plan. Assume the role of Gold Control under the -Forma; Incident Management Structure. Deploy LU resources as appropriate when covering the SOO role. <b>Left service on or after 31 March 2023</b>	£105,000 - £109,999	N/A	NIL	N/A	15
Head of Payments Products Transformation	Define and articulate the benefits, concepts and feasibility for how specific portfolio transformation programmes within Technology & Data (T&D) will be delivered, and ensure these benefits are realised. Deliver large cost savings or revenue generating projects within Technology & Data with values up to £50m. This role is responsible for introducing complex changes to high profile technology and data services that affect millions of people and have a high impact on our reputation / revenue security / operating costs. Examples include T&D's major role in the rationalisation of Cycle Hire supply contracts, and integrating Cycle Hire into TFL's core payment / customer service proposition and the Data Networks transformation programme to build and develop an effective, pan-TFL data transmission network capability whilst driving out savings of up to £20m per annum.	£105,000 - £109,999	N/A	NIL	N/A	8
Head of Projects & Accommodation	The Head of Projects and Programmes will be directly responsible and accountable for managing a substantial portfolio of Surface Transport major projects and programmes and ensuring their alignment with Surface Transport's, TFL's and the Mayor's strategic priorities and outcomes.	£105,000 - £109,999	N/A	NIL	N/A	5

Job Title	Job Purpose	Salary Range (FTE)	Contractual Adjustment	Benefit in Kind Range	Budget £m	No. Direct Reports (Pos)
Head of Projects Consents & Urban Design	Reporting directly to the Director of City Planning, this role leads the development of major and/or cross-modal projects (ranging from £20m to multi-billion pound) that will provide a significant contribution to the Mayor's Transport Strategy and transform the future shape of the city. The role is responsible for developing the business case (including funding) to determine and then develop the most plausible option to meet a defined opportunity or outcome (as defined by Transport Strategy and Spatial Planning). Stakeholder management at senior levels both internal and external is key to this role. The role is the single point of accountability for the consents process in the organisation (for TfL's own projects as well as providing specialist advice to developers) to ensure projects are completed legally, including leading through Transport & Works Act Orders, Development Consent Orders, Town & County Planning and Hybrid Bills. The role holder will also lead on the production of	£105,000 - £109,999	N/A	NIL	N/A	7
Head of Skills Development	Framed by TfL's strategic goals, this role exists to lead and drive a programme to understand and solve TfL's most important strategic issues, taking the lead on pan-TfL issues. The role will do this by translating poorly defined strategic issues and ideas into actionable strategies and high level plans for the business to take forward. Critical success for the role is seeing recommendations taken and acted upon, but ensuring that it is balanced with challenging the business to think differently and more broadly about issues. The scope of the role does not extend to delivery of recommendations. The role holder should be seen by the business as the go to person to help solve strategic issues and the team should be seen as comparable to any external management consultancy.	£105,000 - £109,999	N/A	NIL	N/A	4
Infrastructure Access Manager	To assist Project or Programme Manager(s) with producing and reporting budget loaded work programmes/schedules in Primavera Enterprise format, for the purpose of co-ordinating LU's works with other third parties working on the Underground network. To create and update programme data in compliance with the Master Projects Database (MPD) requirements. To provide analysis and assist in the interpretation of the reports produced by the MPD.	£105,000 - £109,999	N/A	NIL	N/A	10
Installation Delivery Manager	To provide a centre of engineering excellence for LU & TfL, through the provision of professional engineering input and the associated technical output, for a specific asset area.	£105,000 - £109,999	N/A	NIL	N/A	14
Maintenance Operational Manager	Organise and control all planned signal maintenance activities on a nightly basis across the three TLL signal Asset zones. Resolve any incidents created during Engineering hours related to Signalling by co-ordinating and directing resources accordingly. Liaise with other managers within TLL and LU to appraise, and advise on general, or Signalling maintenance matters to optimise service performance.	£105,000 - £109,999	N/A	NIL	N/A	8
Power Operations Manager	To provide executive control of the London Underground electrical distribution system. Accountable for the safe management of the power network on a 24/7 basis on behalf of London Underground. Prepare and implement real time strategic contingency and recovery plans. Accountable for the management and direction of LU Shift Supply Engineers, Power Control Room Operators and substation engineering staff. Deploy LU resources as appropriate and ensure the effective management of the approved budget to optimise reduction in lost customer hours. (Level of role is equivalent to Senior Operational Manager e.g. ISM2)	£105,000 - £109,999	N/A	NIL	N/A	10
Shift Supply Engineer	To provide executive control of the London Underground electrical distribution system. Accountable for the safe management of the power network on a 24/7 basis on behalf of London Underground.	£105,000 - £109,999	N/A	NIL	N/A	1
Shift Supply Engineer	To provide executive control of the London Underground electrical distribution system. Accountable for the safe management of the power network on a 24/7 basis on behalf of London Underground.	£105,000 - £109,999	N/A	NIL	N/A	1
Shift Supply Engineer	To provide executive control of the London Underground electrical distribution system. Accountable for the safe management of the power network on a 24/7 basis on behalf of London Underground.	£105,000 - £109,999	N/A	NIL	N/A	1
Track Manager	This role is responsible for leading and managing Track Maintenance Teams. The role must ensure the delivery of routine maintenance of a designated section of LU Track Assets to ensure that they perform in a safe and reliable condition in accordance with the Railway Safety Case, Company Standards and Corporate Directives/Guidelines.	£105,000 - £109,999	N/A	NIL	N/A	4
