

Appendix 3 - Schedule of Variations

Col. 1 – Ref. No.	Col. 2 – Summary of proposed variation	Col. 3 – Details of TfL’s proposed variation	Col. 4 – TfL’s reasons for proposed variation
1.	Minor change to the boundary of the western extension zone.	A change to the boundary at North Carriage Drive W2 (see attached plan).	To facilitate charge-free egress from the Hyde Park car park to Marble Arch via North Carriage Drive when the Western Extension is introduced. Customers can already enter/exit the car park via Park Lane without having to pay the charge, and it is considered that it could be confusing to customers when the Western Extension is introduced if the egress from the car park via North Carriage Drive to Marble Arch required the charge to be paid and this could result in appeals against Penalty Charge Notices.
