- Due to engineering works taking place on sections of the London Overground network between 1 September and 16 November 2008, these performance figures for Period 6 - Period 9 are not directly comparable to figures for Period 5 or before
- Public Performance Measure (PPM) shows the percentage of trains that arrive at their destination within five minutes of their scheduled arrival time. It includes every train shown in the applicable passenger timetable with no exclusions
- London Overground PPM target applies only to the 12 month average for all services.
